

INTISARI

Tujuan penelitian ini adalah untuk mengetahui kinerja UPTD (Unit Pelaksana Teknis Daerah) Pengujian Kendaraan Bermotor Daerah Kabupaten Nganjuk melalui pendekatan *Value For Money*. Penelitian ini merupakan jenis penelitian kualitatif, objek yang diteliti adalah UPTD Pengujian Kendaraan Bermotor Daerah Kabupaten Nganjuk mengenai kinerja yang terdapat pada LAKIP (Laporan Akuntabilitas Kinerja Instansi Pemerintah) Tahun 2014. Teknik pengumpulan data menggunakan teknik wawancara, dan dokumentasi, sedangkan teknis analisis data menggunakan pendekatan deskriptif kualitatif, yaitu dengan cara mengumpulkan, mengidentifikasi, mendeskripsikan, menganalisis, dan memberikan kesimpulan.

Berdasarkan hasil penelitian menunjukkan bahwa UPTD Pengujian Kendaraan Bermotor Daerah Kabupaten Nganjuk telah mencapai tingkat ekonomi dan efisiensi dengan baik. Meskipun hasil analisis kinerja instansi tersebut sudah tercapai, dari segi efektivitas harus diarahkan pada sasaran, pencapaian tujuan pelaksanaan kinerja. Dengan demikian kinerja efisiensi harus ditingkatkan lagi sehingga masyarakat merasakan hasil kinerja terutama dengan penghematan penggunaan sumber daya (anggaran), sementara kinerja efektivitas diperbaiki dengan upaya peningkatan secara berkesinambungan guna peningkatan kesejahteraan masyarakat.

Kata kunci : *Value For Money*, Kinerja Ekonomi, Kinerja Efisiensi, Kinerja Efektivitas.

ABSTRACT

The purpose of this research is to find out the performance of the Local Technical Implementation Unit (UPTD) Motor Vehicle Testing of Nganjuk District through Value for Money approach. This research is a qualitative research and the object of the research is the Local Technical Implementation Unit (UPTD) Motor Vehicle Testing of Nganjuk District about the performance which is stated in the Accountability Report of Government Agency Performance (LAKIP) of 2014. The data collection technique has been done by performing interview technique and documentation whereas the data analysis has been done by using qualitative descriptive approach which is carried out by collecting, identifying, describing, analyzing, and making conclusion.

Based on the result of the research, it shows that the Local Technical Implementation Unit (UPTD) Motor Vehicle Testing of Nganjuk District has reached the economic and efficiency level quite well. Although the result of the analysis of performance of this agency has already reached, the effectiveness should be directed to the target, the achievement of the objective of the implementation of performance. Therefore, the efficiency of the performance should be enhanced so the community can feel the result of the performance particularly the economical use of resources (budget), meanwhile the effectiveness of the performance is fixed by performing continuous improvement in order to the welfare of the community.

Keywords: *Value for Money, Economic Performance, Efficiency of the Performance, and Effectiveness of the Performance.*
